Quo Vadis Charlon?

*The Lord He called to Charlon,...who listened and paid heed.
Now working towards the Priesthood, to the next step will proceed.
Following in the Apostles' footsteps, whom Jesus chose long ago....
Training for Holy Orders, ..there's so much he has to know.
To Orpington seconded..at Holy Innocents' Catholic Church,
helping Father Victor, and for new experiences to search.
Accompanying parishioners to meetings,...encouraging spiritual thought.
Inspiring and uplifting all, to the Parish so much he has brought.
It hasn't all been easy, ...for problems do arise.
For the unexpected can happen and take one by surprise.
The Pelegrinatio Pro Christi, hoping the lapsed would return
went on a Mission in the Parish, as did Charlon to watch and learn.
A lady answered her door, to the callers no sign of a grouse.
Suddenly the door blew shut, locking her out of the house!
The air turned blue with expletives, as angrily she reacted.
Charlon climbed through a window, from the task was not distracted.
A problem happened but Charlon, helped her as much as he could.
for whatever happens in life can be used by the Lord for good.
Charlon's talent as an artist, he used for a spiritual event.
With prayers and a Gospel reading, desiring inspiration be sent
for "Heart Speaks Unto heart," the Theme for the visit of the Pope
that t'would lead to many creations, worshipping the Lord the hope.
We thank him for his ministry, for his commitment and his care.
God bless and guide him to Priesthood, for this we offer up our prayer.*
